(415) 910-9769
drummer.aidan@gmail.com

SKILLS

Android Development & app design, web development & design, backend development & administration.

EXPERIENCE

Square, San Francisco - *Senior Android Engineer*

SEPTEMBER 2020 - PRESENT

- I lead major features of our Android POS software.
- I mentor others, and write design documentation.
- I have expertise in building UI and writing Kotlin.

Square, San Francisco - *Android Engineer*

MARCH 2018 - SEPTEMBER 2020

- I work with custom built Android-based hardware and a custom AOSP Android fork.
- I'm heavily exposed to FinTech, and how the world of money works from a technical standpoint.
- I work with many people from many different teams on all sorts of features and projects.

Target, Minneapolis - *Android Engineer*

NOVEMBER 2016 - MARCH 2018

- I worked on the flagship Android app, before and after Cartwheel was merged with it.
- I lead Target Wallet development on Android.
- I became a pro at Agile and JIRA.

SkillFitness, Minneapolis - *Mobile Solutions Developer*

JUNE 2015 - NOVEMBER 2016

- I got introduced to Agile and worked with teams from other countries.
- I single handedly wrote the Android app.
- I took over backend server (ASP.NET) development from formerly outsourced devs, along with the iOS app.
